商品名稱： 泰安產物航空保險附加條款-WorkinProgress

條款項目	保險契約條款內容
承保範圍	Notwithstanding anything contained herein to the contrary, it is understood and agreed that in the event of a loss arising during the period an aircraft is undergoing alteration and/or repair, Underwriters' liability shall be limited to the actual value of the aircraft at the time of the loss, which value shall include the loss of invested labour and materials used to the date of the loss, such invested labour and materials to be substantiated by the Named Insured's records and/or records and/or invoices presented by the company or companies undertaking the alteration. Premium shall be due and payable at the Policy rate on the Value of the aircraft as determined by Underwriters at the commencement of alterations and/or repairs. At the completion of alterations and/or repairs as average value shall be computed by adding together the values at the commencement and completion of the alterations and/or repairs and dividing the sum by two and a pro rata additional premium shall be due and payable computed at the Policy Rate on the difference between the value at the commencement of alterations and/or repairs and the average value.
