物船舶保險附加條  
款 - Small GA  
Clause

條款項目	保險契約條款內容
承保範圍	It is understood and agreed that Cargo's proportion of General Average expenditure not exceeding USD shall be recoverable hereunder provided claims for contribution from all cargo have been waived by the Assured. In the absence of invoices, the value of the cargo shall be determined by appointed adjusters by the means as they deem most appropriate. The Assured has the option of deciding whether they will claim the whole of the General Average under their hull insurance (subject to any excess part valuation cover therein) or claim from the Cargo as they think fit. In such cases of charging the whole to the Underwriters, no commission or interest is to be claimed. This agreement is not to apply where the General Average consists mainly of General Average sacrifices of and/or damage to cargo in which event a Statement should be, drawn up. Where Average Adjusters certify that involving cargo interests would be uneconomical from the standpoint of the hull interests, the Assured shall have the same option as outlined above. Policy deductible shall not apply to claims under this Small GA Clause.
